RETAIL: MEASURES TO PREVENT CONTACT AND GATHERING

- Limit the number of customers in the store at any one time to allow for customers and employees to easily maintain at least six-foot distance from one another at all practicable times.
- Post an employee at the door to ensure that the maximum number of customers in the facility set forth is not exceeded.
- Place per-person limits on goods that are selling out quickly to reduce crowds and lines.
- Prevent people from self-serving any items that are food-related such as lids and food-bar items. Ensure bulk bins are not available for customer self-use.
- Do not permit customers to bring their own bags, mugs, or other reusable items from home.
- Provide for contactless payment systems or, if not feasible, sanitize payment systems regularly.
